Accidently Shoots Self

Geo. Ramburg, a fisherman, was brought to town last Sunday morning and taken to the Wrangell Hospital suffering from being accidentally shot with a shotgun.

According to the information given out by the patient he started to go out to a boat in the bay at Point Baker, and having a shotgun with him, went down to the boat lying on the beach and climbed in leaning the gun on the side of the boat and after getting in the boat he reached behind him for the gun and started to pull it in the boat when the trigger caught on the side of the boat and set the gun off, one of the discharges entering his back near the spinal column and lodging in the hip bone. The accident occurred about 7 P. M. on Oct. 3rd.

Ramburg has been at Point Baker for some time and is about 25 years old.

Dr. Dawes reported this morning that the patient was resting much easier and would be out in a short time unless blood poisoning sets in.

The Famous Juvenile Bostonian Opera Company are again playing in Alaska, and the manager who went through Wrangell last week stated that the company would play our city on the way out. Watch for the dates in the Sentinel.

Miners Return From Interior

Lord Beauclerk, Finley Mitchell Wm. Mitchell and Lloyd Simpson all prominent mining men of the Dease Lake country returned from the seasons work on their claims in that country last week. The men one and all have a good word for the country and state that their claims have never looked better than they do at this time. The parties state that the war will probably retard their operation to some extent as it is all British capital, but they are hopeful of things being settled before the time comes for the spring work to begin.

The Boston Cafe New Eating House

The Boston Cafe opened for business yesterday morning in the building formerly occupied by the Panama Cafe. Jim Mukai, the new manager has cleaned the place from top to bottom and assures the eating public a good meal at the popular prices.

The Spokane went south last Monday evening. She laid at the Sanitary Cannery wharf for several hours waiting for the Delhi with a cannery crew from the westward which she took south.

Karen Returns Last Trip

The river boat Karen, Capt. Johansen, arrived down from what is probably her last trip on the river this fall last Tuesday afternoon. She had four passengers who are on their way south, Rolden Roades of New York, G. Sherman of Telegraph Creek and J. Uihlem and Dr. H. A. Sifton both of Milwaukee. Dr. Sifton is one of the most prominent surgeons in the United States and with Mr. Uihlem has spent some time hunting in the Dease Lake country.

Equalizing The Tax List

The Common Council set as a Board of Equalization at the Council Rooms last Monday and Tuesday from the hours of two o'clock to four both days. Several changes were made in the assessment roll and notices have been given to the parties on whose assessment changes have been made. The next meeting of the Board will be Thursday Oct. 29th. at the same hours and the last meeting will be on Oct. 31st. so if you have any protests to make against the changes you must make them by that time.

Lost Man Is Reported Found

The rescue party sent out by the Marshals office last Friday to locate Jack Brown, or Russian Jack as he is known, arrived back in town last Saturday and reported that the lost man had been found by his partner, Shorty.

According to the story told by the men of the rescue party, Jack took his shot gun and started out for a little hunt on Friday afternoon September 26, and somehow got lost in the woods and could not find his way back to camp. Jack's statement as told to them was that for the first three days he lived on berries and other eatables found in the woods but that kind of food soon became tiresome and for the last three days he ate nothing. The man shows a wonderful constitution in going through what he did and coming out alive, living in the woods for seven days, and all of the time it was raining and he was soaked to the skin. He stated that at night he would make a moss bed in as dry a place as he could find and would lay there as long as possible and when the cold became unbearable he would get up and run until he was warm again, and so on all night and on the night of Friday, Oct. 2nd, he came out on the beach, but seeing no place in sight made his moss bed for the night, and fell on it from exhaustion and as he did so he heard some one chopping wood close by, so started to cry out as loud as possible until he attracted the attention of the choppers who went to his assistance and proved to be his partner, Shorty, who took him to camp and cared for him as good as possible. The rescue party from town arrived at the camp about an hour after Shorty had the lost man in camp. The camp was situated in Johnson's Cove on Etolin Island.

Harry Wallace New Deputy

A change was made in the Deputy U. S. Marshal ship for Wrangell this month, Mr. Harry Wallace succeeding W. D. Grant who sent in his resignations to the department a couple of weeks ago. Deputy Marshal Wallace needs no introduction to the citizens of Wrangell having been Deputy Marshal here during the term from 1894 to 1897 and has been a continuous resident of the city ever since. Mr. Wallace is a democrat of the old school, and with a standing above reproach and Wrangell is indeed fortunate in having him as a successor to Mr. Grant.

As to the resignations of Mr. Grant nothing can be said as he has made a good and faithful officer this making the second time he has acted as deputy for Wrangell, and the reason for his resignation are his political views, being a good republican, and serving under a Democratic administration.

Club Giving Big Time

The Wrangell Civic Improvement Club are giving a big dance and card party at the Wrangell Hotel tomorrow evening, Oct. 9. The dance and party is being given for the benefit of the Public School and is an affair that every public spirited citizen of the town should attend. And the Club promises a good time to every one that attends as they have prizes for the card players and refreshments for the dancers, and then you get the whole evenings enjoyment for only fifty cents. Remember the time and place and don't fail to attend if its only for a few minutes.

Moose Orchestra Gives Good Time

The Moose Orchestra gave their dance as per advertised last Saturday evening at Red Men's Hall. The affair was a very enjoyable one indeed every one attending stating that it was the best time ever. The Orchestra are planning on giving dances at regular intervals and from the music and general good time at the last one they can be assured of the patronage of the dancing public of the city.

Company To Ship Garnets

Miss Durkev, President of the Alaska Garnet Mining & Manufacturing Company who are operating the garnet ledge at the mouth of the Stikine, was a passenger up on the Mariposa the first of the week. Miss Durkev states that the Company will ship some twelve tons of garnets south on the Dolphin the next trip. The Company have secured a selling concession from the government to sell their garnets in the Manufacturers Building at the San Francisco Fair and this shipment will be the first bound for that place.

Chamber of Commerce Meeting Tomorrow

There will be a meeting of the Wrangell Chamber of Commerce at 7:30 tomorrow, Friday, night. There are several things of importance to come before the meeting and every member is requested to be present.

There are several people in Wrangell who are in business here and have the interests of the community at heart who are not members of the Chamber, and to these we ask you to put aside your petty grievances and come and help us boost for a bigger and better Wrangell.

Peace in America - Europe

Peace day, last Sunday was the day set aside by President Wilson as a day for nation-wide supplication for peace.

On that day in darkened Europe the great battle of Aisne was in progress. It being the twentieth year of that great battle in which more than 2,000,000 men are engaged. What more potent reason for the mind of this nation to be fixed for one day on deep and earnest desires for peace? No battle in the history of the world has brought such gigantic forces into action.

At Gettysburg, the bloodiest battle of the American Civil war, there were 170,000 men in action, with a total loss of 32,865. At Gettysburg the fighting lasted three days.

At Aisne there is, at a rough estimate, twelve times as many men as at Gettysburg, and the fighting has lasted seven times as long. What the losses at Aisne are no man can hazard a guess, but when the number is known it will yield a slaughter that will stagger mankind.

What better reason for the United States to be thankful for peace, and enter a prayer for the rest of the world to sheathe the sword.

If you are a real true Wrangellite attend that meeting of the Wrangell Chamber of Commerce tomorrow night, Friday, Oct. 9th.

The political pot is boiling good, if you don't believe us read the Juneau Empire and the Valdez Commoner.

Board of Equalization

The Assessment Roll of the Town of Wrangell, Alaska, for the year 1914, has been completed by the Town Assessor, and is now open for inspection. The Common Council will sit as a Board of Equalization on the following dates and at the hours named in this notice, viz:—

Commencing on Monday, the 5th day of October, 1914, at 2 o'clock P. M. and remain in session until 4 o'clock P. M. of said day, and again on Tuesday, October 6th, 1914 at same place and during the same hours as on Monday.

The Common Council will meet again as a Board of Equalization on Thursday, October 29th, 1914 from 2 o'clock to 4 o'clock P. M. of said day and on Saturday, October 31st 1914 at the same place and during the same hours as on Thursday.

The meeting of the Board of Equalization will be held in the Council Room, in the Town Hall on Church Street.

Any person desiring a reduction in the assessment of his or her property, shall make and file with the Board of Equalization a written application thereof, verified by their oath, showing the facts upon which it is claimed such a reduction should be made.

Dated at Wrangell, Alaska, this 10th day of September, 1914.

Seige Of Antwerp On In Earnest

Amsterdam, Oct. 8.—Fire German army corps are attacking the city of Antwerp tonight with the greatest of seige guns. A great number of German aviators are assisting in the bombardment by dropping bombs on the forts. It is felt here that the city is doomed.

The Hague, Oct. 8.—All communication with Antwerp has ceased. The last messages received state that the citizens are fleeing to Holland and that the wildest terror imaginable prevails.

Rotterdam, Oct. 8.—According to a dispatch from Antwerp every village within ten miles of the city is in flames.

Alameda Sails North Last Night

Seattle, Oct. 8 The Alameda sailed north last night. She has four passengers for Wrangell Kate Allen, Ruth Allen, Mrs. Marie Olsen and one Steerage passenger.

Big General Is Dismissed

London, Oct. 6.—According to information that was received here this morning from reliable sources, Lieutenant General Von Moltke, Chief of the General Staff of the German army was dismissed from service yesterday by the Kaiser. The dispatch states that the Kaiser wanted to send a large number of airplanes to attack England but Von Moltke refused to dispatch them and entered a protest against using them against defenseless cities. It is believed here that Von Moltke was one of the main stars in the army and that the Kaiser's forces are weakened very much by his dismissal.

German Offensive Is Checked

London, Oct. 8.—According to information received this morning the German offensive movement in France has been checked.

Sentinel Gets Candidates Views

J. R. Heckman, Non-Partisan Candidate for Representative to Alaska Legislature pays Wrangell A Visit.

Mr. J. R. Heckman, Non-Partisan candidate for the Alaska Legislature, arrived in Wrangell for the purpose of getting better acquainted with the voting public, last Thursday and spent the remainder of the week here, leaving for his home in Ketchikan on the Spokane last Tuesday morning. During his stay in Wrangell Mr. Heckman made many new friends and incidentally added many votes for the Non-Partisan ticket and for himself in particular.

Mr. Heckman is a man of pleasing personality and is well known over the whole territory, having been a resident of Alaska for the past twenty-eight years. Coming to Alaska in the year 1886 and going to the Cook Inlet country where he fished as a gill netter during that year and the next, then he cast his fortune with Southeastern Alaska coming down to Loring and started fishing in that vicinity, where he has been a continual resident ever since. Mr. Heckman is heavily interested in business in Ketchikan, being heavily interested in the J. R. Heckman & Co. department store at that place and also Vice President of the Miners & Merchants Bank, and has the interest of southeastern Alaska most truly at heart.

In an interview with Mr. Heckman in regard to the coming election, and the platform of the Non-Partisan Party, and the future which he has to promise the voters Mr. Heckman has the following to say: "I am strongly in favor of a heavy bounty being placed on wolves, eagles and hair seals, and if the Federal Government will not do it, it is up to the Alaska legislature to attend to this matter, and take the money from the taxes raised from the canneries and other industries. The wolves are growing more plentiful every year and the destruction of deer from this source is far greater than that killed by the hunters and prospectors for food purposes. In some parts of Southeastern Alaska the deer are almost depleted having been killed off by the wolves and also the eagles have helped greatly in this work by swooping down and capturing the young, any man who has been in this section for any length of time and has hunted at all, has found many a skeleton of the young deer, picked clean by the wolves and the eagles. And not only this but in time the wolves will become more dangerous to the hunter and prospector as their supply of food from the deer are killed off. As for the hair seals they are very destructive to the salmon and other fishes that infest the waters of Southeastern Alaska. The bounty placed on these destructive animals should be of such amount as it will pay men to go out and hunt for them. There are many other things which I could state in connection with these animals but it would take up too much of your space, but if I am elected to the legislature I am going to work for this bit of legislation.

"Another thing that I am strongly in favor of is the division of the Territory into two separate parts, as the interests of Southeastern

Alaska are altogether different from the interests of the Interior or Western Alaska, and I don't believe in taxing our interests for the benefit of the other sections and we need every dollar for the improvement of our own sections, and the part of the country that is being taxed.

"I am also in favor of strict regulation regarding fishing traps and other fishing gear. I realize the importance of protecting our greatest industry. The protection of the fishing industry means as much to me as to any one in the Territory, as everything I have in the world is in Southeastern Alaska, and my interests are your interests and the interests of Southeastern Alaska.

"There are many other things that I would like to go into but it would take up too much of your time. But in regard to the Eight hour law, I am in favor of same where it is practicable, but in some lines of work I am not. I do not believe politics should enter to strong into our affairs at this time, as we are all working for the interests of the Territory, and that is why I strongly recommend a Non-partisan ticket. On our ticket we have men from all parties and I believe they can do more good for Alaska than a ticket that is solely controlled by one party."

In closing Mr. Heckman stated that he was surprised at the strides that Wrangell has made during the past two years and looks for great things for our city, and in fact all of Alaska. Mr. Heckman stated that he will pay Wrangell another visit in about two weeks, and that he has enjoyed every minute he has spent with us.

SIRES AND SONS.
Kaozu Osani, founder of the Jyu Gekijo, or Liberal Theater Society of Japan, is coming to this country to study American ways and theaters.
The English editor of the Shanghai Commercial Press, Fong Sec, was graduated in 1905 from Columbia university. For a time he worked as a laundryman in New York city.
Levi Quadenfeld of Philadelphia, aged sixty-one, has just married a sixteen-year-old wife who cannot speak English and with whom he must converse through an interpreter.
Dr. Jacob Gould Schurman, whom President Taft has appointed minister to Greece, has been president of Cornell university since 1892. He has been granted a year's leave of absence.
Luther Conant, Jr., who has been appointed to succeed Herbert Knox Smith as government commissioner of corporations, has been deputy commissioner since June, 1909. For several years before that he was a special examiner in the same department.
John Osborne, many years ago the world's premier jockey, is probably the most striking example in the world of clean living associated with sport. Although over eighty years of age, the venerable Englishman retains his love for the turf by training a few good horses and often gives his charges their early morning gallops, his strength and agility being the marvel of his associates.
